Flexible solutions

As working from home has become the norm more and more, we must arrange our homes accordingly. Position your devices with the Nedis® monitor, tablet, smartphone mounts and stands. Make sure to support your body with all of our ergonomic products to avoid strains. Cut paper with the cutting machine, seal all kinds of materials with the laminating machine, and remove excess paper in the shredder. Improve your productivity by drinking some coffee, illuminating your workplace with the LED desk lamp or enjoying a fresh breeze with our desk fan.

Ideal **viewing distance**

As well as being height adjustable, our monitor mounts can also be fully tilted and swivelled to create the perfect setting. Whether you use one or more monitors, we offer the right amount for your type of screen to suit your needs.

1. MMNVA100BK
2. ERGOTMM100BK
3. MMNTDO100BK

Position your screen at the perfect height and reduce pressure in your neck muscles with our ergonomic monitor mounts. Since you can choose between one, two, or three monitor mounts, there is an option for every job.

Comfortable and stable

Protect your tablet from scratches and dirt with the Nedis® Tablet Folio Case. The elastic corner straps are for attachment and can be established in a way to make typing comfortable or watching videos. The connections remain accessible, so you can use the tablet without removing it from the case.

Stability mode

This adjustable Nedis® smartphone stand cradles your smartphone or tablet in portrait or landscape mode. Perfect to place on a desk, the cable management system on the back of the stand allows you to neatly organise your cables.

Hold on to it

Holding and looking at your device can cause strain in the hands, shoulders or neck. A tablet or smartphone stand will help to reduce these types of upper body strain.

Did you know that...
ergonomics products do not only
contribute to safety,
comfort, and ease of use, but also
improve productivity?

Happy feet

These footrests can be easily and discreetly placed under a desk to offer enhanced comfort when working. They elevate your feet and legs to promote better alignment, posture, and ergonomics. Easy to adjust, you can quickly create the most comfortable position, wherever you sit.

It's best to have some rest

This Nedis® ergonomic armrest offers comfort and support when you are using your mouse. Its design reduces the pressure placed on your wrist and shoulder. The mousepad can be rotated to achieve the perfect position.

Natural position

The innovative form of this mouse pad simulates the natural position of your wrist. It takes the pressure off the underarm and wrist and helps to avoid RSI. The special coating underneath keeps the mouse pad in its place.

2. MPADFG100BK
3. ERGOGBS100BK
4. ERGOGSS100BK

Back it up

This Nedis® ergonomic back support fits most chairs and allows you to reduce pressure on your back muscles. It's suitable for all-day use and has a soft foam inside.

Comfort and fit

This right-handed ergonomically designed mini mouse includes optical tracking technology and will work on many different surfaces.

Operating wirelessly (2.4 GHz) up to a distance of 10 metres, the slim and attractive design and soft memory foam ensure it is comfortable to use for long periods.

2. MSWS300BU
3. MSWS100BK

Wireless productivity

This super-sensitive Nedis® Wireless Mouse with Nano Dongle offers you three DPI settings to customise the responsiveness of your cursor.

Thanks to its ergonomic design - and the handy thumb buttons that are perfect for navigating through web pages - this mouse ensures comfort through even long periods of use.

Wireless mouse

Wireless mouse to connect to a PC or notebook to increase the operating convenience. It is supplied with a nano dongle which is compatible with any type of PC or notebook.

A power of strength

Use these portable power banks to charge two devices simultaneously. The handy LCD display reveals exactly how much power it has left. It has enough power to charge a smartphone up to four times and a tablet up to one and a half times. The power banks offer protection against overcharging, short-circuiting, and overheating.

Share the data

This MicroSD cards is compatible with multiple devices across many manufacturers. The storage capacity and speed have increased in the last few years.

USB 3.0

Store important data to a compact USB 3.0 flash drive and bring your files wherever you go. The perfect solution for extra storage of all your important files.

Easy transfer

Connect this Nedis® 3-port combo USB hub to your PC or notebook and expand it with additional USB ports. Transfer your pictures, videos or data files and store them on your computer.

Card reader

Connect to a PC to enable the reading and writing of data from nearly any type of media card to and from a PC. It is compatible with SD, SDHC, Micro SD, CF, XD, M2, MS and MS-Pro memory cards.

Keep track of things

A tidy office and a clear, clean desk ensure a more productive working day. Cables are neatly organised so you know which one goes with each device. Nedis® offers a range of convenient solutions for an organised workplace so you can focus on your work.

Bundle your power neatly

Cut the required length of the hook-and-loop roll and bundle your power, computer or TV cables together neatly. Or attach that single hanging cable to a pole or leg of your desk. You decide whether to tighten or loosen the cables. With almost 9.1 meters, you won't run out of it soon.

The perfect place for your supplies

Having more workspace is always useful and this top shelf creates an extra storage area while keeping your desk free. Adjust the angle with the thumbscrew so the top shelf can be used on virtually any monitor and TV screen. This way you have everything at your fingertips.

1. ERGOVELC91BK
2. ERGOSTS100BK

A headset for every chat

This closed headset is equipped with large, comfortable ear pads. The microphone ensures a crystal clear sound during your meetings. The headset has in-line volume control and the headband is adjustable.

Cover it up

Make sure to protect your privacy while you work at home. When you're not in a meeting, you can simply hide your laptop's camera with this Nedis® webcam cover. It provides a simple, 100% hack-proof solution to protect your privacy since it works completely mechanical and is not remotely controllable.

Given its size, the cover is especially suitable to protect a tablet, notebook, or smart TV camera against hackers.

1. PRIVWCC15BK3
2. CHST200BK

Take **the mic**

With this high-quality, sensitive USB microphone you're assured of clear voice recording, due to the Noise Cancelling function. No more inconvenient background noise! The flexible tube allows you to direct it any way you want. It is possible to adjust the volume control and it features Plug & Play. The 3.5 mm Jack connector on the microphone can be used to connect a headset.

Feel free to talk

This Nedis® conference microphone is super convenient for facilitating skype business meetings and telecons. The microphone provides high-quality recordings and picks up sound very clearly within a range of 3 metres; you can move freely without having to approach or move the mic. Simply connect the microphone to a USB port in your notebook or PC and get started - no additional drivers or external power adapter required.

1. MICCU100BK
2. MICDU100BK

A woman with long dark hair, wearing a blue denim jacket over a pink top and light blue denim jeans with frayed hems, is walking up a modern staircase. She is carrying a white laptop under her arm. The staircase has dark metal railings and light-colored wooden steps. The background is a grey wall with a window showing some greenery outside.

Stylish protection

The best laptop bag is one that's comfortable, durable, provides protection and has enough storage space for all your devices and daily needs. Nedis® has laptop bags that come with various pockets, allowing you to fit a laptop and a notebook, battery pack, pens, water bottles, and cables.

For **everyday** use

Always have your important stuff at hand and thanks to the soft inner lining, your laptop is protected from scratches and bumps. The bag has a comfortable, detachable and adjustable shoulder strap and is suitable for all laptops up to 16".

Sturdy and roomy

This Nedis® notebook bag has separate compartments and inner slip pockets - to fit all your accessories. To secure the bag to a trolley for even more comfort; the notebook bag comes with a detachable shoulder strap and integrates a hook-and-loop strap on the back.

Durable carrying

With this sleeve it is a convenient and safe way to carry notebooks around or store them at home or at the office. Also to protect notebooks against scratches and impact damage because it's made of durable neoprene.

3. NBSE13100BK

But first...

For many people, coffee is the way to start their day. Just the smell of coffee can help you wake up in the morning. Drinking coffee can reduce liver damage, you're less likely to develop heart failure, and your body may process sugar better.

Kickstart your day

This Nedis® single-serve coffee maker fits tight morning schedules just perfect. Each round serves enough coffee to fill up the included travel mug. You don't waste time pouring coffee from regular cups, minimising the dishes as well. Set the timer for even more efficiency and have your coffee ready by the time you start your workday.

Electric Kettle

For tea lovers among us; this stylish electric kettle has a 1-litre capacity and is compact. The cordless 360° pirouette base ensures an easy lift. Thanks to a powerful performance of 2150 W, surprisingly quick to the boil so your tea is ready in no time.

Did you know that...
coffee is most effective if you drink it between 09:30 and 11:30 AM?

Coffee all day

This coffee maker has a stylish black finished thermal jug with a capacity of 1 litre, which makes it suitable for making 8 to 10 cups of coffee, so you can enjoy your coffee all day. The thermal jug with glass inside keeps freshly brewed coffee warm for up to three hours.

A breath of fresh air

Nothing beats living or working in a clean home or office. However, even when a room looks spot on, the air quality might not be as good; dust and dirt particles floating through the air can be so small that you can't actually see them.

Our Nedis® air purifier works with a HEPA filter, removing up to 99.99% of all particles of 0.3 micrometer or bigger, which includes pollen and dust mite. This means less dust and you will also suffer much less from your allergies. To maximise the effect, the air purifier also integrates an ioniser. Dirt and dust particles fall to the floor, so you can enjoy extra clean air while working indoors. Additionally, this air purifier also removes odours and bad smells.

Desk fan

This retro-look Nedis® desk fan has a solid, all-metal construction with anti-skid feet to keep it safely in place on your table or desk. It has two speed settings to ensure a refreshing breeze even on the hottest of days, both at home and in the office. A cable length of 1.5 metres provides all the flexibility to place the fan wherever you need it most.

1. AIPU200CWT
2. FNCL10CR20P

Some workdays need music

Add some style to your home office space with the woven fabric designed speakers. With the 2x 15 W peak power sound and True Wireless Stereo (TWS), that connects both speakers together, doubles the audio experience. Bluetooth® v5.0 technology makes sure you have a stable and solid wireless connection.

Clean sight

Anti-static, alcohol-free cleaning kit to clean TV, tablet, smartphone or PC screens in an instance. It removes dust, fingerprints and streaks, leaving no scratches or other damage.

The right light

This stylish desk LED lamp with 36 LEDs is dimmable and due to the flexible gooseneck arm and the elongated shape of the lamp, good distribution of the light is ensured. You can choose by touch control between 3 different light modes, natural, cool, and warm.

The lamp also has a timer function which allows you to set a timer for 40 minutes. The desk lamp also has a charging function to charge your smartphone. This makes the lamp ideal for keeping at your desk for charging throughout the day or by your bedside for charging overnight.

1. LTLGQ3M2BK
2. FSBS120AT
3. CLSN120BU

Stay **charged**

This 65 W notebook adapter is perfect for replacing or supplementing your existing one. It is 100% compatible with your notebook and includes a 1.2 m schuko Type-F power cable. The setup is usually used for HP notebooks, but it can also be used for other brands with the same configuration set-up.

Connect **wirelessly**

This Micro Bluetooth dongle connects your PC wirelessly to mobile devices such as mobile phones, tablets and headsets. Installation is only a matter of Plug & Play. This dongle has a range up to 100 metre, very small design and low energy usage.

Shred it

Keep your desk organised and securely dispose of letters, files, invoices, and even bank cards. This powerful A4 paper shredder can hold up to 12 litres of shredded materials, yet it's compact enough to fit neatly under, or even on top of your desk.

Seal the deal

Perfect for home or small offices, this Laminating Machine works fast and efficiently to laminate small posters, notices, ID cards, business cards, menus, anything on paper up to A4 in size.

1. LAMI110BKA4
2. PASH120BKA4
3. PACU110A4

Cutting edge

Cut your paper and photos professionally into the preferred size with this Paper Cutting Machine. You can choose between the A3 or A4 (and smaller) so you always have the exact size you want.
